

Fully Refurbished RPL & RPT200

Our team offer the RPT200 and Liner FE220 (RPT) as fully factory refurbished Rollpan Mixers to complement our new range. Both models are available from stock and are fully supported with our service and spares backup.

Product Benefits

- Bearings, wear plates, blades and adjusters, discharge door and chute, top guards etc are all replaced as standard.
- Motor pinion and some gears on RPL mixers are renewed.
- 3 phase 415V motor

Additional Elements

Optional:

- Starter panel supplied as optional extra
- 3mt mortar loader
- High or low discharge chassis available
